

### Inflation forecast remains flat in December 2024 at 4.5%: report

The forecast covers the next five years.

In Singapore, the five-year-ahead Consumer Price Index Inflation Expectations (CPIEx) remained unchanged in December 2024 at 4.5%, Singapore Management University (SMU) reported.

According to SMU, the five-year-ahead CPIEx core inflation expectations, excluding costs related to accommodation and private transportation, increased to 4.4% in December 2024 from 4.3% in September 2024. Meanwhile, the composite five-year-ahead Singapore Index of Inflation Expectations (SInDEx) rose slightly to 4.5% in December 2024 from 4.3% in September 2024.
